

# Garment Care Guide

Thank you for choosing our custom printed garments. Following these care instructions will help maximise the life of both the garment and the print.

## Washing Instructions

- Wash inside out
- Machine wash at 30°C
- Use a mild detergent
- Wash similar colours together
- Do not use bleach or harsh chemicals
- Do not soak garments for extended periods

## Drying Instructions

- Hang dry only
- Reshape garment while damp if required
- Avoid direct sunlight for prolonged periods
- Do not tumble dry

## Ironing Instructions

- Iron garments inside out
- Do not iron directly onto the printed area
- Use a low heat setting only
- If required, place a cloth between the iron and the garment

## Screen Printed Garments

Screen printed garments are highly durable when cared for correctly. Following these instructions will help maintain colour vibrancy and print quality over time.

## DTF (Direct to Film) Printed Garments

DTF prints provide excellent colour, stretch and durability. To maximise print life, avoid high washing temperatures, tumble drying and direct heat on the printed design.

## Important

- Allow at least 24 hours after printing before the first wash
- Do not dry clean
- Do not tumble dry
- Do not iron directly on printed areas

## Care Symbols

Wash at 30°C • No Bleach • No Tumble Dry • Hang Dry • Iron Inside Out • Do Not Iron Print Area • Do Not Dry Clean
